PERSONAL OVERVIEW

Detail-oriented graphic design student with a strong foundation in branding, layout, and visual communication. Experienced in creating clear, well-structured designs across print and digital platforms. Comfortable working through feedback, managing multiple projects, and meeting deadlines. Currently building a professional portfolio and seeking opportunities to grow as a graphic designer in a collaborative environment.

WORK EXPERIENCE

Graphic Design Student Projects

Humber Polytechnic, Etobicoke, ON | 2023 – Present

- Designed branding systems including logos, colour palettes, and typography for conceptual and client-based projects.
- Created print and digital layouts such as posters, social media graphics, packaging concepts, and editorial spreads.
- Developed UI/UX wireframes and visual designs focused on usability and user experience.
- Produced illustrations and visual assets to support storytelling and brand identity

Amazon Warehouse Associate

Amazon, Bolton, ON | Feb 2022 – Aug 2022

- Worked efficiently in a fast-paced, deadline-driven environment.
- Ensured accuracy and consistency through quality checks and inventory tracking.
- Demonstrated strong time management and task prioritization
